

FRODNEY & CATHY FITZSIMMONS

Your Laborers for the Harvest in Haiti

Dear Friends in Christ,

August 2010

We are so grateful for your prayers on our behalf as we continue traveling on our summer furlough. The Lord has watched over us on the highways, and we have had great meetings with many decisions. By the time we head back to Haiti in September, we will have been in 23 churches. We have also enjoyed being with family - especially our time with our five grandchildren.

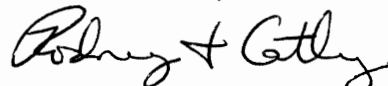

As we return to the field, here are some prayers requests we would appreciate you remembering:

- *For many souls to be saved through the evangelistic outreach of our 14 churches
- *For the discipleship of new converts
- *For land for the works at Ka Jeorges and Saint Michel
- *For roofs for the church buildings at MaLouise and Petite Place
- *For so many who are still trying to recover from the earthquake
- *For Haiti to be spared from flooding during the hurricane season
- *For safety as we return home to Gonaives on September 15 and 16

We are excited about a new trimester beginning in the Bible school the week after our return. Prayer is needed for the professors to be Spirit-filled as we teach God's Word and for the students to have receptive hearts to the instruction they hear. Some of the courses this fall will be: the Book of James, the Books of Joshua and Judges, the Fundamentals of the Faith, Church History, and How to Study the Bible.

We appreciate so much the investment you make in our ministry on behalf of precious Haitian souls and for God's glory.

In His service,

For we preach not ourselves, but Christ Jesus the Lord;
and ourselves your servants for Jesus' sake. **2 Cor. 4:5**
